PIERCE OFFERS QUALITY HVAC WORK

New Chamber member offers wide range of services

ATCHISON, Kan. (March 3, 2009) — Pierce Heating and Cooling Inc., prides itself on many strengths — a wide variety of services, quick work and cleanliness among them. And they can make that late-night emergency a little less stressful.

“We have a 24-hour answering service, so no matter what time anyone calls they always get a person and not an answering machine,” said Brandon Pierce, who owns and manages the operation.

Pierce Heating and Cooling, a new Atchison Area Chamber of Commerce member, is located at 746 Hwy 7 in Benden. It can be reached by phone at 913-367-3377 or by email at piercecool@hotmail.com.

Pierce and his three-man crew offer a wide variety of services, including service and repair on all makes and models, replacement of all types of heating and cooling systems and new home installation. The fully licensed and insured business is qualified for residential and commercial operations.

In these difficult economic times, more efficient heating and cooling systems can help the individual home owner or business cut costs. Pierce installs energy efficient furnaces, air conditioners, heat pumps and boilers. They also install geothermal (ground source) heat pumps, shop heaters and radiant floor heaters. They specialize in installing Trane and Heil equipment.

Pierce Heating and Cooling operates from 7 a.m. to 6 p.m. Monday through Thursday, and from 8 a.m. to noon on Friday. Getting an idea of cost is easy with Pierce, which offers free estimates.

In addition to quality workmanship and customer service, Pierce Heating and Cooling requires thorough clean-up at its job sites.

“We clean up after the job is complete,” Brandon Pierce said. “All our employees are known for being honest and very respectful. None of the employees smoke or chew tobacco, so you don’t have to worry about the stains or smell after the job is complete.” Keith Peuker, who has worked in Atchison in the past, is a member of Pierce’s team. Like the rest of the technicians, he has a college degree in HVAC.

The mission of the Atchison Area Chamber of Commerce is to focus on the quality of life, attraction, growth and retention of jobs and businesses in Atchison County. Established in 1919, the Chamber continues to be the leading business organization of the community. With the support of over 400 member investors, the Chamber delivers programs and services that make our community a better place to live, work, raise a family and visit.
